Presidents Message

Happy Spring! Everything is blooming and it's time to set our plans for the May Show and Sale in motion.

This month's Meeting is geared to inspire us with ideas about flower pollinating insects and animals to use in displays. We'll share some slides of displays used in the past to stimulate your imagination.

Please bring your calendars and be ready to sign up to help with set-up on Friday, and/or work a shift (or two!) at the Show/Sale on Saturday and Sunday. We are counting on your enthusiasm and helpfulness! We will have sign-up sheets for set-up, pricing, food, cashiering and for people to walk the Sale floor to answer questions and keep plants looking good. We'll also need to start sketching the room plan for those of you who will have displays.

From Jim Z

Well only one month to go until show time....we'll be wrapping up our series on prepping plants for the show. Be sure to bring in the plants you have been working with, or any new plants for which you would like advice on getting them ready to show.

Show and Sale - Things to Think About

Our Show and Sale is THE most important event of our year - and we need every member to participate in some way. EVERY member should have at least one plant that can be displayed at the Show - so take a look in your garden and see which plant you'd like to show off, and be sure to have it there on Friday. If you can't be there Friday, talk to another Club member about having them take it for you.

We will need people to work the Show/Sale on Saturday and Sunday. If you're not going to be at the next meeting, be sure to let someone on the Board know which day you will be coming to help.

We will need food for those who are working all three days - so please sign up (or let a Board member know) for what you will be bringing on the day you are working.

We need bags and boxes for our customers - you can stuff shopping bags with newspaper and bring them with you to the meeting - or you can bring them with you on Friday if you're coming to help set up. Small boxes are also helpful for our customers who purchase multiple plants.

Tell your friends, family and neighbors about our Show and Sale! We need everyone to spread the news! Print out copies of this year's flier, and start giving them to nurseries in your area - or anywhere you think gardeners might see them!
